# MODERN ONEDRIVE UI

The screenshot displays the modern OneDrive web interface. At the top, a blue header bar contains the OneDrive logo, the user's name 'Denis Molodtsov', and icons for settings, help, and a user profile dropdown. Below the header, a search bar is positioned on the left, and a toolbar with 'New', 'Upload', and 'Sync' buttons is on the right. The left sidebar features navigation links for 'Files', 'Recent', 'Shared with me', 'Recycle bin', and 'Sites'. The 'Files' section is currently selected, showing a list of files and folders. The list includes a folder 'Shared with Everyone' and three files: 'Hardware and Software Prerequ...', 'Providing good estimates.pptx', and 'SharePoint Productivity Tools.p...'. Each file entry shows its icon, name, modification time ('About an hour ago'), the user 'Denis Molodtsov', file size, and sharing status. At the bottom of the main content area, a message says 'Drag files here to upload'.
